**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer who supports broadband competition. Please do not allow access to unbundled critical last-mile copper and inter-city fiber infrastructure to be cut off from Internet service providers competitive to AT&T.

Consumers need to have choice to keep prices low. Without competition, we will be subject to price hikes that will make some people only able to afford the slowest Internet speeds, and others not to be able to afford Internet services at all. In this day and age we all need fast, reliable, and affordable Internet and telephone services.

Please do NOT allow AT&T and US Telecomm to take away access to unbundled network elements. Keep competition alive!
